

ADEX Control Methodology Training Courses

Complex industrial processes can be found across industries and within a diverse set of production environments. To apply the ADEX Control Methodology to complex industrial processes, ADEX, S.L. provides a 2-day intensive course for industrial control professionals. Below is a selection of some of the more than 40 organizations who have participated in our training courses since 2006.

Industrial Entities	Company	Participation
	Repsol YPF Sector: Energy (Petrochemical)	Advanced Control/R&D Department
	Union Fenosa Group Sector: Energy	Process Control Engineer
	EADS – CASA Sector: Aerospace (Testing)	Flight Dynamics and Control Laws Department Flight Physics Area
	Indra Sistemas, S.A. Sector: Engineering	Simulation and Logistic Systems Department
	National Instruments España Sector: Instrumentation and Automation	Commercial Department
	Acciona Aguas Sector: Environmental (Treatment)	Service and Operations Department
	GE Plastics de España (now SABIC Innovative Plastics) Sector: Plastics	Process Automation Polycarbonates Area
	ITP Group Sector: Aerospace (Testing)	Special Processes Engineer, Production Technologies
	Heineken España, S.A. Sector: Food and Beverage	Manager, Plant Electrical Maintenance Manager, Plant General Services

ADEX Control Methodology Training Courses

Chocolates Valor, S.A.

Sector: Food and Beverage (Specialty)

Manager, Production Department

ArcelorMittal

Sector: Steel

Process Control Engineer

Dimetronic Signals (Invensys)

Sector: Transportation (Railway)

Project Manager, R&D

Mapro Technologies

Sector: Automotive (Manufacturing)

Manager, R&D Department

Cadagua, S.A. (Grupo Ferrovial)

Sector: Environmental (Treatment)

Manager, Electricity and Control Department

TSK Group

Sector: Electronics and Electricity

Electrical Engineer

Robert Bosch España, S.A.

Sector: Manufacturing

Project Manager, Technical Automation Products

Roca Sanitario, S.A.

Sector: Sanitation and Environmental

Maintenance Controller

Saint-Gobain VICASA

Sector: Glass Packaging

Plant Automation and Regulation

Petroleos del Norte, S.A. (Petronor)

Sector: Energy (Gas)

Chemical Plant Controller

Hunstman Tioxide

Sector: Chemical

Global IT Business Systems Manager

ADEX Control Methodology Training Courses

Public Institutions	Organization	Participation
     	Confederación Hidrografica del EBRO Sector: Environmental (Treatment)	Manager, Maintenance Department
	Entidad Saneamiento y Depuración Región de Murcia (ESAMUR) Sector: Environmental (Treatment)	Operations Department
	Red Eléctrica de España Sector: Energy (Public)	Manager, Automation and Electronics
	Sociedad de Fomento Agrícola Castellonense (FACSA) Sector: Environmental (Treatment)	Operations Manager Waste Water Treatment Plant
	Empresa Municipal Aguas de Málaga Sector: Environmental (Treatment)	Area Manager Remote Control and Instrumentation Projects
	EPSAR Water Sanitation Entity Sector: Environmental (Treatment)	Control Technicians
Research Laboratories	University/Foundation	Participation
  	Fundación CARTIF Centre for Applied Research Projects	Director, International Projects Division Manager, Process Automation and Control Department
	Universidad Politécnica de Madrid UPM Leading Research Institution	Department of Electronic Systems and Control
	Universidad Politécnica de Cataluña UPC Leading Research Institution	Department of Industrial Engineering
